“ *I remember working with Tony when I was 16-17 yo at my uncle and aunts mobile home setup biz during the summer and eventually for about 6-8 mos later when I was in my early 20's. I would ride with Tony in the "Tow-ter" that pulled the mobile home to the lot. He was a great guy and always looked out for me amongst the veterans. I know he had a pretty rough life during those years and I eventually followed a similar path. However, later on we both gave our lives to Jesus and started living for him. I met him years later at a family function (because he was like family to to my aunt and uncle). I could see the light of Jesus in him, but I know he also had major health issues from time to time that he would overcome. I lost touch with him, but I know he's in Heaven healed completely. My heart and prayers go out to the family.*
