“ Dorrie, I remember talking to you while Diane was carrying you and telling her she was carrying my baby. She gave me the pleasure of naming you. Dorrie for Dorothy and LaRae for Rachel. You were riding with me and standing in the front seat of my car, when you spoke your first word repeating what I said. Lol Even though you moved and grew up you were still my daughter. This is so hurtful and sad, but know I'm here for the children in whatever way I can be. I love you my god-daughter, and you will always be in my heart and fond memories of you, I will always have.
