“ *I will miss you greatly, you welcomed me when i told you that I was going to marry your grand daughter Ti. You always had sweet words to say and shared your wisdom with me. You picked and joke with your great grands Collin, Joshua and Mariah and gave them guidance. I think that they were really blessed to not only have their grandmothers in their life, but to also have spent time with their great grandmothers as well. Mariah wrote you a letter after we told her that you went home to be with the lord, and words could not explain how Ti and I felt. I love you and we will miss you dearly.*

“ *I am so grateful to have had a mother like you. You ment what you said and said what you ment. That was something between MY MOTHER and ME. I will hold dear to my heart the time we spent together during this THANKSGIVING. The walk we shared after dinner will remind me of family memories, and special time together... I love you, but I miss you more.*
