“ *This is shocking and deeply sad news. Josie was one of brightest people I've ever known, bright in her intelligence but also bright in the Light she carried with her. Because of her, hungry people have been able to get seeds to start a bountiful garden, and to grow plants that nourish themselves, their families, and the bees and butterflies of God's creation. She made the world a better place. Praying that the Holy Spirit surrounds her family and friends with comfort.*

“ We knew Josie through her service on the NC Botanical Garden Foundation board. She brought knowledge and perspective to our conservation work that broaden our understanding of the importance of small scale food production to communities throughout NC. Personally we were honored to have her as a guest in our home.

Thank you, Josie. Rest in God's peace.

“ On behalf of the members of St. Matthew AME Zion Church Trenton, NC we send our sincere condolences to this family during your time of bereavement. Even though we may not understand why times like these come in our lives when you all have suffered so much these last few months. But do know that God promises that He will never leave us alone. God is the only one who is able to do exceedingly abundantly above all you can ever ask or imagine. Definitely He will see you through this. In His Hands

“ I have an unopened gift of Roselle seeds grown, saved, and shared by Josie. I often tried to give her collard seeds, but growing up in Eastern North Carolina, Josie told me more than once that, “If they ain't cabbage collards, then they ain't collards.” I'm going to miss her nerdy seed intensity, her deep dedication to saving and sharing seeds, but I will plant those Roselle seeds and remember her.

“ to the Walker and Dove families
I was in total disbelief when I heard the news about Josie. There're no words to ease your pain at the moment but I hope it shows how much you are loved and cared for. May God grant you peace that surpasses all understanding.

“ *Josie was one of our first student in our Urban and Community Horticulture program at N.C. A&T. She was engaged and always shared with us. Josie propagated fig trees from her grandfather's place, and we planted one of the trees at our student farm. Not knowing the variety, we named the tree "Josie Walker Fig". It will be our everlasting tribute and memory... Our deepest condolences to Josie's family. Odile Huchette and Bill Randle*

How we, in the NC Native Plant Society's Central Coastal Plain Chapter, will miss Josie. She was an original member and co-leader of our group. Josie was so kind and generous in sharing her horticultural experience. Great sense of humor. She was a bright light - gone too soon. My thoughts are with her family.
