“ I loved Mrs. Minnie like she was my own grandma. I actually called her grandma and loved to see her big bright smile. She always came looking for me when she stopped by the office. If I knew the last time I saw her would be the very last time I would have held her a little longer. My heart aches but I know that she is now resting. I love u Ms. Minnie.

“ Grandma Minnie, Thanks to a wonderful woman that took me under her wings when I was in pre- school( i'am now in the 12th grade). Grandma Minnie cared for me when I was so scared in that school because I thought my parents had left me there I cried every day and she held me every day and assured me that my parents would be back for me. She hugged and rocked me until I felt confident that no one was going to hurt me. I started feeling brave but kept my eyes on her, even when I played with the other kids. Going to miss her dearly. She was so loving and caring toward me. I wish she could see me walk across that stage. But God was ready for her to come home. But, i'am going to miss you Grandma Minnie. I'am going to make you PROUD!!!! Your Grandson Juane Hill (Powell). R.I.P.

“ *Ms. Minnie-Ree there are not enough words that can be expressed how you have touched so many people in your life time. You have been a true inspiration to us all. I remember the last conversation that you and shared when I came home. I will forever carry those words of wisdom. I was with my son little William (as you always called him) in Kansas when I received word from Mom and dad of your passing. When, I told him that you have passed. His reply to me was 'Is that the lady whom I would go see and she would offer me a piece of cake" and her little sister lived next door to her. I smiled and said yes that's Ms Minnie, but I don't know who was the oldest. She has three brothers that are living also and of course he wanted to know who they were. After that explanation then, my daughter Dominique called me from San Diego, CA and wanted to share her memories of you. So, you see. Your memory goes all over the United States.*

*Your light of kindness will always continue to be in the hearts and minds of everyone in Haiti, Trenton and Jones County.*

*To my classmate ('84) Daneen and family, little Crystal and family, the Mundine and Powell Family. I will continue to pray that God provide you ALL comfort during this sad time and beyond. Although, we don't say it enough the song writer Stevie Wonder says it best in the song "These Three Words", I Love You.*
